WWI Desktop PC2.33 X2330 White	\$18,380

Store

Online	\$285,778
Nevada	\$50,585
South Carolina	\$45,909

Customer

Tricia Taylor	\$25,452
Dale Fowler	\$15,188
Kenneth Black	\$14,619

Executive Overview KPIs

- This dashboard provides a high-level overview of the company's overall performance by monitoring the most important business KPIs.
- The analysis is based on Year-to-Date (YTD) performance, meaning that the displayed values represent the period from the beginning of the selected year up to the latest available transaction date, rather than the entire year.

KPI	Current Value	YoY	Description
Revenue	1,039,288\$	%70.23- ▼	Total sales (YTD).
Cost	430,825\$	%70.23- ▼	Total operating cost (YTD).
Profit	608,464\$	%70.22- ▼	Net profit (Revenue – Cost).
Orders	498	%71.41- ▼	Total completed orders (YTD).

Executive Overview Insights

- Overall business performance declined significantly, with Revenue, Profit, Cost, and Orders all decreasing by approximately **70%** compared to the same **YTD** period last year.
- **Computers** is the top-performing category, contributing the largest share of both Revenue and Profit, making it the primary revenue driver.
- **Adventure Works** is the leading brand, accounting for approximately **29%** of total revenue, followed by Wide World Importers and Contoso.
- **Germany** records the highest Average Order Value (**AOV**) among all countries, indicating stronger purchasing behaviour.
- **AOV** varies noticeably across countries, suggesting opportunities to optimize pricing and marketing strategies in lower-performing regions.

Executive Overview

Business Recommendations

- Investigate the factors behind the overall **70% YoY** decline in business performance.
- Replicate successful sales strategies from **high-AOV** countries such as **Germany** in other markets.
- Prioritize investment in the Computers category due to its strong contribution to revenue and profit.
- Strengthen partnerships and inventory planning for **Adventure Works** products.
- Develop targeted **marketing** campaigns for countries with **lower AOV** to increase customer spending.

Sales Analysis

Dashboard Objective

This dashboard provides a detailed analysis of sales performance across **states, products, categories, customers, and stores**, helping identify the key drivers behind overall business performance.

Sales Analysis

Insights

- **Online** is the highest-performing sales channel/state, generating **\$285,778**, significantly outperforming **Nevada (\$50,585)** and **South Carolina (\$45,909)**.
- The **Computers** category dominates sales, contributing **49%** of total revenue, followed by Cell Phones (18%) and Cameras & Camcorders (14%).
- Monthly revenue shows noticeable seasonality, with sales declining sharply during the first half of the year before recovering toward the end of the year, reaching the highest level in **December**.
- The top-selling product is **Adventure Works Desktop PC2.33**, generating **\$27,132**, followed by Contoso Projector 1080p X981 Black (\$24,990).
- The highest-value customer is **Tricia Taylor**, generating **\$25,452**, followed by Dale Fowler (\$15,188) and Kenneth Black (\$14,619).

Sales Analysis

Business Recommendations

- Analyze the success factors behind the Online channel and apply similar strategies to **lower-performing regions**.
- Prioritize the availability of the top-selling products, especially **Adventure Works Desktop PC2.33** and **Contoso Projector 1080p X981 Black**.
- Investigate the reasons behind the **mid-year sales decline** and introduce promotional campaigns before peak periods.

Develop retention programs for high-value customers such as **Tricia Taylor** to maximize repeat purchases.

Thanks!
